

Township of Mendham

INCORPORATED MARCH 29, 1749

P.O. BOX 520
BROOKSIDE, NEW JERSEY 07926
(973) 543-4555 / FAX (973) 543-6630

Whole-House Emergency Generator Installation Requirements

1. Zoning Permit Application-Submit this application with a copy of a survey indicating the proposed placement of the generator along with payment for the fee \$35.00 (cash or check).
2. Construction Permit Application Folder-If the lead contractor for the work is not a licensed plumber, licensed electrician or the homeowner, the lead contractor acting as the agent for the homeowner must be registered with the State of new Jersey as a Home Improvement Contractor.
3. Manufacturer's Specifications of Generator
4. Small Construction Form
5. Plumbing Sub code Form-Signed and sealed by licensed plumbing contractor.
6. Electrical Sub code-Signed and sealed by licensed electrical contractor.
7. Building Sub code Form-This is submitted only when the generator will be placed on a poured slab. The contractor must be registered with the State of New Jersey as a Home Improvement Contractor.

Submit the entire packet to the Building Department for processing. If you want to receive Zoning approval prior to submitting the Construction Permit Application, you can submit the Zoning Permit Application, survey and fee directly to the Zoning Officer.

Building Department plan review will commence when documentation of Zoning Approval is received from the Zoning Officer and placed in the Construction Permit Application.
