### Independent Auditors' Report

The Honorable Mayor and Members  
of the Township Committee  
Township of Mendham  
Mendham, New Jersey

We have audited the financial statements-regulatory basis of the various funds of the Township of Mendham in the County of Morris (the "Township") as of and for the years ended December 31, 2011 and 2010, as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audits.

Except as discussed in the fourth paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As described in Note 1, these financial statements have been prepared in conformity with accounting principles prescribed by the Division that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

We were unable to obtain sufficient evidence to support the cost of the fixed assets of the general fixed assets account group. As more fully described in Note 1, due to the length of time over which these fixed assets were acquired, it is not practical to determine their actual costs. We are, therefore, unable to express an opinion as to the general fixed assets account group at December 31, 2011 and 2010 stated at \$35,945,808.05 and \$35,871,636.00, respectively.

In our opinion, because the Township prepares its financial statements on the basis of accounting discussed in the third paragraph, the financial statements referred to in the first paragraph, do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2011 and 2010, and the results of its operations for the years then ended.

The Honorable Mayor and Members  
of the Township Committee  
Township of Mendham  
Page 2

However, in our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the general fixed assets account group been audited, the financial statements-regulatory basis referred to above, present fairly, in all material respects, the financial position of the various funds of the Township of Mendham at December 31, 2011 and 2010, and the results of operations and changes in fund balance, where applicable, of such funds, thereof for the years then ended, in conformity with accounting principles prescribed by the Division, as described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2012, on our consideration of the Township of Mendham's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's financial statements taken as a whole. The information included in the supplementary data schedules listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedules of expenditures of federal and state awards are also presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*; and New Jersey OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the financial statements. The supplementary data schedules listed in the table of contents and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole, on the basis of accounting described in Note 1 to the financial statements and Note 2 to the schedules of expenditures of federal and state awards.

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Except as noted below, the financial statements of the Township of Mendham include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Mendham, as required by N.J.S. 40A:5-5. Accordingly, the financial statements do not include the operations of the municipal library, or volunteer fire and first aid squads.

Governmental Accounting Standards Board publication Codification of Government Accounting and Financial Reporting Standards, Section 2100 "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e., benefit of economic resources, access/entitlement to resources, and significance) should be included in the financial reporting entities. As the financial reporting entity was established in accordance with New Jersey statutes, the requirements of Government Accounting and Financial Reporting Standards, Section 2100 were not followed and, accordingly, the reporting entity could be different from accounting principles generally accepted in the United States of America.

B. Description of Funds

The accounting policies of the Township of Mendham conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Mendham accounts for its financial transactions through the following separate funds:

Current Fund - Resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Fund - Receipt, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Capital Funds - Account for the operations and acquisition of capital facilities of the municipally owned sewer utilities.

Public Assistance Fund - Receipt and disbursement of funds that provide assistance to certain residents of the municipality pursuant to Title 44 of New Jersey Statutes.

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011

Note 1: Summary of Significant Accounting Policies (Cont'd)

B. Description of Funds

General Fixed Assets Account Group (Unaudited) - Estimated values of land, buildings and certain fixed assets of the Township as discussed in Note 1E - "Basis of Accounting".

C. Basis of Accounting

Basis of accounting refers to when revenue and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounting policies of the Township of Mendham conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The following is a summary of the significant policies.

Revenue is recorded when received in cash except for certain amounts which may be due from the State of New Jersey and for the prepayment of future years' revenue. Grant revenue is realized in the operating funds when it is budgeted and in the capital funds when improvements are authorized. The amounts recorded as property taxes and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality, which are susceptible of accrual, are recorded as receivables with offsetting reserves in the Current Fund.

Expenditures are charged to operations generally based on budgeted amounts. Exceptions to this general rule include:

1. Accumulated unpaid vacation, sick pay and other employee amounts are not accrued.
2. Prepaid expenses, such as insurance premiums applicable to subsequent periods, are charged to current budget appropriations in total.
3. Principal and interest on long-term debt are recognized when due.

Expenditures, if any, in excess of appropriations, appropriation reserves or ordinances become deferred charges which must be raised by future taxes. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the statutory appropriation reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

TOWNSHIP OF MENDHAM  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011  
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

C. Basis of Accounting (Cont'd)

Had the Township's financial statements been prepared under generally accepted accounting principles, encumbrances would not be considered as expenditures; appropriation reserves would not be recorded; revenue susceptible to accrual would have been reflected without offsetting reserves; Federal and State grants and assistance would be recognized when earned, not when awarded; inventories would not be reflected as expenditures at the time of purchase; and fixed assets purchased by the Sewer Utility Capital Funds would be depreciated.

The cash basis of accounting is followed in the Trust and Capital Funds.

D. Deferred Charges to Future Taxation

The General Capital Fund balance sheet includes both funded and unfunded deferred charges. Funded deferred charges represent improvement authorizations where permanent financing has been obtained. Unfunded deferred charges represent improvement authorizations where no or temporary financing has been obtained. A municipality can permanently finance unfunded deferred charges through budget appropriation, grant funds, or by issuing bonds, loans or capital lease purchase agreements.

E. Other significant accounting policies include:

Management Estimates – The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents – Amounts include petty cash, change funds, amounts on deposit, and short-term investments with original maturities of three months or less.

Investments – Investments are stated at cost or amortized cost, which approximates market.

Grants Receivable – Grants receivable represent total grant awards less amounts collected to date. Because the amount of grants funds to be collected are dependent on the total costs eligible for reimbursement, the actual amount collected may be less than the total amount awarded.

Allowance for Uncollectible Accounts – No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Compensated Absences – Expenditures relating to unused vested accumulated vacation and sick pay are not recorded until paid.

TOWNSHIP OF MENDHAM  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011  
(Continued)

Note 1: Summary of Significant Accounting Policies (Cont'd)

E. Other significant accounting policies include:

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets (Unaudited) - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, the Township has developed a fixed assets accounting and reporting system based on the following:

General fixed assets and buildings are recorded at estimated historical cost, except for land which is recorded at assessed value in the year of acquisition. Infrastructure assets are not included in general fixed assets, as per state directive. Major renewals and betterments are charged to the asset accounts; maintenance and minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed currently. Donated fixed assets are valued at their fair market value on the date donated. No depreciation has been provided for on general fixed assets. The total value recorded for general fixed assets is offset by a "Reserve for General Fixed Assets." When properties are retired or otherwise disposed of, the asset and the reserve are adjusted accordingly. Assets recorded in the general fixed assets account group may also be recorded in the current fund, general capital fund, and sewer utility funds. The values recorded in the general fixed assets account group and the current and capital funds may not always agree due to differences in valuation methods, timing of recognition of assets, and the recognition of infrastructures. Capital assets are reviewed for impairment.

Property and equipment purchased by the Sewer Utility Funds are recorded in the capital account at cost and are not adjusted for disposition and abandonment. The amounts shown do not purport to represent replacement costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the Sewer Utility Capital Funds represents charges to operations for the costs of acquisitions of property, equipment and improvements. The Sewer Utility Funds do not record depreciation on fixed assets.

F. Budget/Budgetary Control

Annual appropriated budgets are usually prepared in the first quarter for Current operating, Sewer Utilities, and Open Space Trust Funds. The budgets are submitted to the governing body and the Division of Local Government Services. Budgets are prepared using the cash basis of accounting. The legal level of budgetary control is established at the line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the flexible chart of accounts referenced in N.J.S.A. 40A. All budget amendments/transfers must be approved by the Township during the year.

Note 2: Long-Term Debt

The Local Bond Law governs the issuance of bond to finance general Township capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds. The Township's full faith and credit and taxing power have been pledged to the payment of the general obligation debt principal and interest.

Note 4: Deferred Charges to be Raised in Succeeding Years

Certain expenditures are required to be deferred to budgets of the exceeding years. At December 31, 2011, the following deferred charges are shown on the Township's balance sheets:

	<u>Balance</u> <u>Dec. 31, 2011</u>	<u>Required</u> <u>2012 Budget</u> <u>Appropriation</u>	<u>Balance to</u> <u>Succeeding Years'</u> <u>Budgets</u>
Current Fund:			
Special Emergency Authorizations	\$ 51,860.00	\$ 18,120.00	\$ 33,740.00

The appropriation in the 2012 Current Fund budget is not less than that required by statute.

Note 5: Local School District Taxes

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district. The Township of Mendham has not elected to defer school taxes.

Note 6: Pension Plans

Township employees are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS) of New Jersey. The State of New Jersey sponsors and administers these two plans which cover substantially all Township employees. As a general rule, all full-time employees are eligible to join one of these two public employees' retirement systems.

Employees who are members of PERS and retire at a specified age according to the relevant tier category for that employee are entitled to a retirement benefit based upon a formula which takes "final average salary" during years of creditable service. Vesting occurs after 8 to 10 years of service. Enrolled PFRS members may retire at age 55 with a minimum of 10 years of service required for vesting.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above system funds and trust. The financial reports may be obtained by writing to the State of New Jersey, Department of Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey 08625-0295.

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Effective with the first payroll to be paid on or after October 1, 2011 the employee contributions for PERS went from 5.50% to 6.50% while the employee contributions for PFRS increased to 10.00% from 8.50% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits.

TOWNSHIP OF MENDHAM  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011  
(Continued)

Note 6: Pension Plans (Cont'd)

The Township's contributions to PFRS amounted to \$374,370, \$326,496 and \$292,804, for 2011, 2010 and 2009, respectively. The Township's contributions to PERS amounted to \$191,021, \$148,671, and \$139,634, for 2011, 2010 and 2009, respectively.

The Township also made contributions of \$12,066 in 2011 to PERS related to the Early Retirement Incentive Program elected by the Township.

Note 7: Accrued Sick Benefits

The Township permits employees to accrue a limited amount of unused sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$64,500 at December 31, 2011. This amount is not reported either as expenditure or a liability. It is expected that the cost of such unpaid compensation would be included in the Township's budget operating expenditures in the year in which it is used.

Note 8: Selected Tax Information

Property taxes are levied as of January 1 on property values assessed as of the previous calendar year. The tax levy is divided into two billings. The first billing is an estimate of the current year's levy based on the prior year's taxes. The second billing reflects adjustments to the current year's actual levy. The final tax bill is usually mailed on or before June 14th, along with the first half estimated tax bills for the subsequent year. The first half estimated taxes are divided into two due dates, February 1 and May 1. The final tax bills are also divided into two due dates, August 1 and November 1. A ten-day grace period is usually granted before the taxes are considered delinquent and the imposition of interest charges. A penalty may be assessed for any unpaid taxes in excess of \$10,000 at December 31 of the current year. Unpaid taxes of the prior year may be placed in lien at a tax sale held after April 1 and through December 31. Unpaid taxes of the current year may be placed in lien at a tax sale held after December 10.

Also, increases in future tax levies can also be warranted if revenue sources outside of those directly generated by the municipality, such as federal or state aid, should decline without corresponding decreases in budgeted expenditures.

Note 9: Cash and Cash Equivalents

Cash and cash equivalents include petty cash, change funds, amounts in deposits, money market accounts, and short-term investments with original maturities of three months or less.

Investments are stated at cost, which approximates market. The Township classifies certificates of deposit which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk Disclosures*, requires disclosure of the level of custodial credit risk assumed by the Township in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial risk is the risk that in the event of bank failure, the government's deposits may not be returned.

Interest Rate Risk – In accordance with its cash management plan, the Township ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk – The Township limits its investments to those authorized in its cash management plan which are permitted under state statutes as detailed on the following page.

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

Deposits:

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

Note 9: Cash and Cash Equivalents (Cont'd)

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5% of the average daily balance of public funds on deposit.

In addition to the above collateral requirement, if public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of the local unit or bonds or other obligations of school districts of which the local unit is a part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;

Note 12: Contingent Liabilities

The Township is periodically involved in various lawsuits arising in the normal course of business, including claims for property damage, personal injury, and various contract disputes. The Township is vigorously contesting these lawsuits and believes the ultimate resolution will not have a material adverse effect on their financial position.

Amounts received or receivable from grantors, principally the federal and state governments are subject to regulatory requirements and adjustments by the agencies. Any disallowed claims, including amounts previously recognized by the Township as revenue would constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantors cannot be determined at this time, although Township officials expect such amounts, if any, to be immaterial.

Various tax appeals have been filed against the Township and are awaiting tax court decisions. The ultimate outcome and effect of such appeals has not been determined; however, the Township Tax Assessor will aggressively defend the Township's assessments. The Township has recorded a reserve for pending tax appeals as of December 31, 2011 in the amount of \$50,000 and feels that amount is adequate to fund any potential reductions in assessments and taxes.

Note 13: Reserve for Future Sewer Improvements

The Mendham West Sewer Utility Capital Fund balance sheet reflects a Reserve for Future Sewer Improvements as of December 31, 2011 in the amount of \$40,500. These funds represent the accumulation of prior year unexpended capital outlay appropriations raised in the Mendham West Sewer Operating Fund. This reserve will be utilized by the Township to fund future capital improvements for the maintenance of the Mendham West sewer plant.

Note 14: Open Space Trust Fund

On November 2, 1993, the Township created an Open Space Trust Fund with a tax levy of up to \$.045 per \$100 of assessed valuation. The funds collected are used to acquire and maintain open space property in the Township. As of December 31, 2011, the balance in the Open Space Trust Fund was \$703,759.79 which consists of \$376,117.72 from local sources and \$327,642.07 from a donation from the NJ Conservation Foundation.

Note 15: Economic Dependency

The Township of Mendham receives a substantial amount of support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the Township's programs and activities.

Note 16: Deferred Compensation Plans

The Township offers its employees deferred compensation plans (the "plans") created in accordance with Section 457 of the Internal Revenue Code. The plans, which are administered by VALIC and Lincoln National Life Insurance Company, are available to all Township employees and permit participants to defer a portion of their salary. The deferred compensation is not available to employees until termination, retirement, unforeseeable emergency or upon death to their beneficiaries.

Independent Auditors' Report on Internal Control Over  
Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and Members  
of the Township Committee  
Township of Mendham  
Mendham, New Jersey

We have audited the financial statements of the Township of Mendham, in the County of Morris (the "Township") as of, and for the years ended, December 31, 2011 and 2010 and have issued our report thereon dated May 20, 2012, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting. That report also indicated that the scope of our audit did not include the general fixed assets account group. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying Schedule of Findings and Responses as Finding 2011-01 that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

The Honorable Mayor and Members  
of the Township Committee  
Township of Mendham  
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to management in the comments and recommendations section of this report.

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. We did not audit the Township's response, and accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Mayor and Members of the Township Committee, others within the Township and to meet the requirements for filing with the Division of Local Government Services, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF MENDHAM  
SCHEDULE OF FINDINGS AND RESPONSES  
YEAR ENDED DECEMBER 31, 2011

Summary of Auditors' Results:

- A qualified report was issued on the Township's financial statements prepared on an other comprehensive basis of accounting, due to the scope limitation regarding the general fixed assets account group.
- The audit did not disclose any material weaknesses in the internal controls of the Township.
- The audit did not disclose any noncompliance that is material to the financial statements of the Township.
- The Township was not subject to the single audit provisions of Federal OMB Circular A-133 and New Jersey OMB Circular NJOMB 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid* for 2011 as grant expenditures were less than the single audit thresholds of \$500,000 identified in the Circulars.

Findings Relating to the Financial Statements which are required to be Reported in Accordance with Generally Accepted Government Auditing Standards:

- The audit did not disclose any findings required to be reported under Generally Accepted Government Auditing Standards, except as noted below:

Finding 2011-1: Segregation of Duties

The Township does not maintain an adequate segregation of duties with respect to the recording and treasury functions. Segregation of duties refers to separating those functions that place too much control over a transaction or class of transactions that would enable a person to misappropriate funds and prevent detection within a reasonable period of time. The various departments of the Township are responsible for the issuance and collection of permits, licenses and court fines and costs. This is due, in part, to the limited number of personnel of the Township and the decentralized nature of governmental collection procedures. Accordingly, management and the Township Committee should be aware of this situation and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. Administration has taken several measures in recent years to improve internal controls. Collection duties are shared among three employees in the Finance Department and prenumbered documents and monthly reports to the Chief Financial Officer are required by the other departments. Because the Municipal Court is governed by the Administrative Office of the Courts ("AOC"), the Township has little control over its control policies and procedures.

Managements Response

The Township will continue to evaluate possible measures to improve internal controls over collections in other departments and over collections and disbursements in the Municipal Court.

Findings and Responses for Federal Awards:

- Not Applicable – Grant expenditures were below the single audit threshold

Findings and Responses for State Awards:

- Not Applicable – Grant expenditures were below the single audit threshold

TOWNSHIP OF MENDHAM  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS  
FOR THE YEAR ENDED DECEMBER 31, 2011

The Township's prior year audit finding regarding segregation of duties has not been resolved and is included as finding 2011-1.

PART III

COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2011

TOWNSHIP OF MENDHAM  
OTHER COMMENTS AND RECOMMENDATIONS

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-3 states:

a. " When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to Subsection B. of Section 9 of P.L. 1971, C. 198 (N.J.S.A. 40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of Subsection (1) of Section 5 of P.L. 1971, C. 198 (N.J.S.A. 40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, C. 440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in Section 2 of P.L. 1971, C. 198 (N.J.S.A. 40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. The adjustment shall become effective on July 1 of the year in which it is made."

N.J.S.A. 40A:11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to Subsections B. and C. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

Effective January 1, 2011 the bid threshold in accordance with N.J.S.A. 40A:11-3 and 40A:1-4 is \$17,500, and with a qualified purchasing agent the threshold may be up to \$36,000.

The governing body of the Township of Mendham has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

TOWNSHIP OF MENDHAM  
OTHER COMMENTS AND RECOMMENDATIONS  
(Continued)

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4 (Cont'd)

The minutes indicated that bids were requested by public advertising per N.J.S.A. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S.A. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. None were noted.

Collection of Interest on Delinquent Taxes, Assessments and Utility Charges

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, assessments or utility charges on or before the date when they would become delinquent.

On January 3, 2011, the governing body adopted the following resolution authorizing interest to be charged on delinquent taxes and utility charges:

Interest to be charged at the rate of 18% on all delinquent taxes and utility charges in excess of \$1,500 as per N.J.S. 54:4-67 and Chap. 435-1979 and at the rate of 8% on all delinquent taxes and utility charges under \$1,500. Interest to be waived on current taxes paid within the first 10 days after due dates. An additional penalty of 6% will be assessed on delinquencies in excess of \$10,000 at year end.

It appears from an examination on a test basis of the Tax and Sewer Collectors' records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

A tax sale was held in October 5, 2011 and included all items which were eligible for sale.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2011	3
2010	2
2009	1

TOWNSHIP OF MENDHAM  
COMMENTS AND RECOMMENDATIONS  
(Continued)

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payment of 2012 Taxes	20
Payment of 2011 Taxes	20
Delinquent Taxes	20
Payment of 2011 Sewer Charges	10
Delinquent Sewer Charges	10

Verification notices were mailed to confirm balances as of December 31, 2011. The items that were returned were compared to and are in agreement with the Borough's records. For receivable items not returned, the receivable balance was agreed to the subsequent receipt. For other items not returned, alternative procedures were performed.

Technical Accounting Directives

The Division of Local Government Services has established three (3) technical accounting directives which are prescribed by the draft "Requirements of Audit and Accounting". They are as follows:

1. Maintenance of an encumbrance accounting system.
2. General ledger accounting and record system.
3. Fixed asset accounting and reporting system.

The Township is currently in compliance with all of these technical accounting directives.

Municipal Court

The financial records of the Municipal Court were tested and a summary of the transactions for the year 2011 are as follows:

Animal Control

License fees are not always being deposited within 48 hours, prepaid licenses collected in December are not recorded and deposited until January, and the cash receipts records do not indicate the date and amount of collections turned over to the Chief Financial Officer.

It is recommended that:

Animal Control license fees are always deposited within 48 hours, prepaid licenses are recorded and deposited when collected, and the cash receipts records indicate the date and amount of collections turned over to the Chief Financial Officer.

Management's Response

Animal Control license fees will be deposited within 48 hours, prepaid licenses will be recorded and deposited when collected, and the cash receipts records will indicate the date and amount of collections turned over to the Chief Financial Officer.

Finance Department

Our audit revealed that:

The classification of cash receipts and disbursements was not in complete agreement with the general ledger postings, there were various interfund balances and (capital) grants receivable as of December 31, and "Dedication by rider" resolutions could not be located for the expenditure of Municipal Alliance and Road Detail trust funds.

The Finance department has taken great strides and made significant improvements to ensure that the classification of cash receipts and disbursements were in agreement with the general ledger postings, controls are in place to adequately monitor and control interfund balances and grants receivable, and that "dedication by rider" resolutions have been obtained for the expenditure of all trust funds.

However, we recommend that the Finance Department continue to control and monitor the classification of cash receipts and disbursements with general ledger postings, interfund and grant balances, and "Dedication by rider" resolutions.

Management's Response

The Finance Department will continue to control and monitor the classification of cash receipts and disbursements with general ledger postings, interfund and grant balances, and "Dedication by rider" resolutions.

Status of Prior Year Recommendations

The Township has initiated a corrective action plan to resolve comments and recommendations from the 2010 audit report. Corrective action was taken with respect to recommendations 2a and 2b regarding the records of various Township departments. Improvements have been made over the course of the year with respect to recommendations 3a, 3b and 3c regarding the Finance department records, and recommendation 1 regarding the segregation of duties is being considered, to the extent possible, for implementation.

TOWNSHIP OF MENDHAM
