- 4) Future Grant Opportunities: – This area needs to be discussed by the EC. There have been a number of e-mails on the possibility of ANJEC grants to improve our open space areas. This area does not seem to be one appropriate for ANJEC grants due to the EC previous experience with an unsuccessful ANJEC Grant applications focused on this area and to ANJEC's stringent requirements.
If the EC truly interested in grant monies the EC need to propose a grant worthy project and be willing to participate in the hard work of putting a grant together - All EC members
- 5) Future Recycling events, Recycling Presentation with David Segall needs to be rescheduled after the virus crisis is behind us_- Brian
