

Mendham Township Recreation Committee  
3 Cherry Lane, Brookside, NJ 07926

February 14, 2022

Dear Mendham Township Neighbors,

Over the past couple of years, Mendham Township's Recreation Committee has been working with engineers to develop plans for improving the safety of Mosle Field. At our January Meeting, the Recreation Committee presented a set of recommendations, which includes working with the sports leagues to replace their portable diesel fueled lights with 90-degree downstream lights in the parking lot and field. We are also working with our engineer to see if we could utilize green energy sources.

For some background - on Thursday, February 9, 2023 the Recreation Committee invited neighbors to hear concerns surrounding the improvement project. This has helped guide the Recreation Committee to develop additional recommendations to alleviate community concerns of the proposed lighting improvement project.

**On Monday, February 20 at 3:00PM at the Brookside Community Club (1 East Main Street, Brookside) Mendham Township Recreation Committee is hosting another listening session regarding this project.** This meeting will update the community on the status of the project and will continue to solicit feedback from residents.

The Recreation Committee includes two liaisons from the Township Committee - Deputy Mayor Sarah Neibart and Township Committeewoman Lauren Spirig - who both plan to attend this meeting.

Please RSVP if you plan to attend our February 20th to me at [dguida@mendhamtownship.org](mailto:dguida@mendhamtownship.org) or by calling 551-296-9570. Do not hesitate to reach out with any questions ahead of the meeting as well.

Thank You,  
David Guida  
Mendham Township Recreation Director
