

**TOWNSHIP OF MENDHAM
TOWNSHIP COMMITTEE
REGULAR MEETING**

DATE: Monday, October 23, 2023
TIME: 6:00 PM
LOCATION: **MENDHAM TOWNSHIP MIDDLE SCHOOL**
All Purpose Room
16 Washington Valley Road, Brookside; and
And via the Zoom communications platform (referenced herein as “Zoom”)

ROLL CALL

Ms. Duarte	Present
Ms. Moreen	Present-
Ms. Neibart	Present via Zoom
Ms. Spirig	Present
Mayor Monaghan	Present- via zoom

Also, present:
Mr. Jason Gabloff, Township Administrator
Mr. John M. Mills, Esq.
Karen Orgera, Acting Township Clerk

SALUTE TO THE FLAG- LED BY MAYOR MONAGHAN

STATEMENT OF ADEQUATE NOTICE- READ BY MAYOR MONAGHAN

Adequate Notice of this meeting of the Township Committee of the Township of Mendham was given as required by the Open Public Meetings Act as follows: Notice was given to the Observer Tribune and Daily Record on January 6, 2023 and again on January 31, 2023. Notice was posted on the bulletin board in the Township offices and notice was filed with the Township Clerk.

LOW INCOME HOUSEHOLD WATER ASSISTANCE PROGRAM (LIHWAP)-READ BY MAYOR MONAGHAN

The State Low Income Household Water Assistance Program (LIHWAP) can help you pay arrears for your water and sewer bills. The program may also be able to help address tax liens due to water and sewer arrears. To get more information and apply, go to waterassistance.nj.gov.

ANNOUNCEMENTS

Mayor Monaghan had the following announcement:

1. Apologized for not being in person at tonight's meeting due to having tested positive for Covid.

Deputy Mayor Neibart had the following announcement:

1. Apologized for not being in person as I am in Israel helping in response to the current emergency over there.

Ms. Duarte had the following announcements:

1. The Rotary Club is having Diaper Drive to help families in need. You can drop off packages of unopened diapers at Coldwell Banker in Mendham. The event ends on October 28, 2023, at 12 noon.

Ms. Spirig had the following announcements:

1. The Haunted Hike and Halloween costume contest has been rescheduled for October 29, 2023, at the Ralston sports field. The contest starts at 4pm and the haunted hike will be from 6pm to 8pm.

OPEN TO THE PUBLIC-OTHER TOWNSHIP MATTERS NOT RELATED TO BACKER FARM APPLICATION

Mayor Monaghan opened the meeting for public comments.

No public comments

Seeing and hearing no one else wishing to be heard, Mayor Monaghan asked for a motion to close public comments.

Ms. Spirig made a motion to close the public comment period seconded by Ms. Duarte. A voice vote was taken with all members present voting in favor, no one opposed.

DISCUSSION

Town Hall Renovation Update

Forwarded to the next Township Committee meeting.

Best Practices Inventory

Mr. Gabloff, Township Administrator discussed with the Township Committee the Best Practices checklist. This needs to be filed by November 3, 2023. There are 89 total questions and 49 were scored. This reviews financial best practices, cyber security and cyber insurance. The Township IT vendor does a great job of handling cyber security. The minimum required positive answers is 29 and Mendham Township scored 38 positive questions. Mendham Township is in great shape regarding Best Practices.

OPEN TO THE PUBLIC – BACKER FARM BREWERY APPLICATION PUBLIC SESSION

Mayor Monaghan opened the meeting for public comments.

Mayor Monaghan provided the layout for the public hearing session and the topics to be discussed.

Each member of the public will be given 6 minutes per topic and professionals will be given 15 minutes per topic.

The Township committee briefly discussed parking and the temporary parking and how this will affect how close the application is to being a major development and will trigger storm water threshold. It was suggested that the Backer’s treat the project as if it triggered storm water compliance.

STORM WATER COMPLIANCE

Bernadette Koenig, 13 North Gate Road, Mendham, NJ commented that the Morris County Ag Board should be pushed to limit the proposal due to the fact that its .01 acre of being a major development.

Bill Kibler of the Raritan Headwaters Association shared the critical concerns on soil health regarding the parking at the proposed Backer Brewery. Mr. Kibler further commented that the parking won’t remain temporary and is a long-term reoccurring use.

Peter Banos, 47 Ironia Road, Mendham, NJ commented on the history of the Backer Brewery application. It was further commented that the engineers stated that this project was a major development. Mr. Banos further stated that parking spaces on grass should be included in the calculation for storm water management.

Steve Dreskin, 3 Roxiticus Road, Mendham, NJ commented that the applicant has not anything to reduce the imperious coverage. Total vehicle areas were left unchanged in the revised application.

Kim Hart, 17 North Gate Road, Mendham, NJ discussed the size and scale of the project. Ms. Hart further commented on previous statements made by the Township Committee on not having a destination type of farm. Ms. Hart stated that the project is .01 acres of being a major development and isn't complying with the spirit of the law.

George Koenig, 13 North Gate Road, Mendham, NJ stated that this Township Committee is the first in 90 years to consider adding a commercial business. Mr. Koenig further commented that the Township Committee should consider airing on the side of the environment regarding storm water management. Paving a parking area is safer and the runoff can be mitigated easier than gravel.

Andrew Christmann, 35 Roxiticus Road, Mendham NJ supports small businesses and local farmers. The fine points of regulations could stop the project. Mr. Christmann further commented that the property cannot be developed and would like to see a middle ground on how to make this project successful and supports the farm.

Bruce Flitcroft, 23 Tingley Road, Mendham, NJ is a local farmer in the Township, meets with farmers on how to increase soil health. The State of NJ has expanded the scope of farming so that farms in NJ survive. Mr. Flitcroft further commented on residents using chemicals to treat their lawns near the river by Backer Farm is causing more damage.

Virginia Pierson, 2 Green Hills Road, Mendham, NJ commented on Ironia Road and Route 24 is dangerous and is concerned about traffic.

Nicole Voigt, of Shanahan & Voigt Attorneys at Law, Flemington, NJ represents the Backer Family commented that storm water management rules are very fact specific and technical. Professionals need to be trusted and recommended compliance with the storm water management rules. The calculations are for existing uses.

The Township Committee briefly discussed that it would not support the project if it triggered storm water compliance. The application currently does not trigger storm water compliance, but it is very close. It was suggested that the Township Engineer re-evaluate the existing report. The Township Committee recommended that environmental issues be considered, and should it be recommended that the project be recommended to be treated as a major development.

NOISE

The Township Committee discussed adhering to the Township's noise ordinance regarding background noise. The Township does not want the project to disturb the neighbors. The State has a standard for background and amplified music and wants to recommend that the applicant adhere to those standards. The Township's current noise ordinance needs to be approved by the DEP.

Ying Song, 9 North Gate Road, Mendham, NJ moved to Mendham Township in 2021 for its tranquil environment and is concerned about the potential noise that could come from the proposed Brewery.

George Koenig, 13 North Gate Road, Mendham, NJ commented on the Township's noise ordinance that models the State's model ordinance. Mr. Koenig further noted that background music sets a limit on the volume of music to be played and is unobtrusive music to an activity and provides atmosphere.

Terrill Doyle, 5 Cross Way, Mendham, NJ commented that 65 decibels is the Statewide standard as it is meant to protect speech at a normal voice level. Ms. Doyle further commented that in the applicants documents the decibel levels would be 100 decibels inside and 85 decibels outside and between 55 and 65 decibels by the neighbors.

Mike Doyle, 5 Cross Way, Mendham, NJ commented that loud noise can affect farm animals. Music at 85 decibels could harm the animals on the farm and lead to decreased production. It was requested to impose reasonable noise levels.

Kim Hart, 17 North Gate Road, Mendham, NJ commented that the proposed Brewery is requesting to be open 36 hours a week. Noise is a nuisance to neighbors. Ms. Hart suggested that the applicant comply to the Township's noise ordinance.

Vicki Wayne, 71 Ironia Road, Mendham, NJ commented on her health issues and how loud noise affects her and has had to leave the house due to noise. Ms. Wayne is very concerned about the potential noise that could come from the proposed Brewery.

Bernadette Koenig, 13 North Gate Road, Mendham, NJ commented that Ms. Neibart was correct that the noise ordinance needs to go to the DEP for review and approval and feels the ordinance is not in compliance. Ms. Koenig stated that the Township could have a nuisance ordinance.

Rebecca Alstead Moudrie, owner of Alstead's Farm, Chester, NJ is a second-generation farmer and recently took over the family business. The Backer farm needs to adapt to the current agricultural needs of farmers. Ms. Moudrie further commented that the Township should encourage and embrace the change and allow economic growth in Mendham Township.

Robert Dillion, 4 Calais Road, Mendham, NJ owns a distillery in Morristown. Mr. Dillion has firsthand experience of the process of opening a business. Mr. Dillion further commented on the different craft beverage licenses. There are specific farm licenses. There are a lot of farm brewery's in the State of New Jersey. Mr. Dillion suggested that the Township should visit other farms to see how their operations are handled and gain information to make informed decisions.

Steve Dreskin, 3 Roxiticus Road, Mendham, NJ commented that the applicant should not be granted relief from the Township noise ordinance. Mr. Dreskin further commented that the Backer Farm is much smaller in size in comparison to the other farms mentioned that have breweries.

Eric Hart, 17 North Gate, Mendham, NJ commented that the farming landscape is evolving and requests that it be done within the context of a small community. Mr. Hart is concerned with the potential noise that could be generated from this project. Mr. Hart is concerned about the size and scale of the project compared to other farm-based breweries.

Becca Mulcahy, 7 Knollwood Trail East, Mendham, NJ commented that the decibel numbers were incorrect, and more research needs to be done to obtain the correct numbers.

Dan Farrand, Long Valley, NJ is a long-time farmer and has seen how the farming industry has changed. Mr. Farrand commented that the Backer Family is attempting to change with the times and continue to make a living.

Patrick Donnelly, 61 Tingley Road, Mendham, NJ commented that the Backer family and farm has been around for almost 100 years. Mr. Donnelly further commented that residents should be concerned about the amount of pesticides and fertilizers used throughout the Township that ends up in the water.

Lisa Modirian, 95 West Main Street, Mendham, NJ a resident of Mendham Borough who lives on the corner of Route 24 and Ironia Road commented that she has witnessed many accidents at that intersection and would like the Township to consider the size of the project as Ironia Road is narrow and dangerous. Ms. Modirian's comments were not related to noise.

Timothy Bitsack, 8 Oak Knoll Road, Mendham, NJ lives very close to Sammy's Cider Mill restaurant and has had no issues with noise from events that have taken place, and the parking area is almost an acre and has been full with no complaints.

Glenn Pantel, 3 Cross Way, Mendham, NJ commented that the Backer's should comply with the Township noise ordinance and have stipulations on indoor music only and no concerts. Mr. Pantel suggested scaling back on the number of seats.

Nicole Voigt, of Shanahan & Voigt Attorneys at Law, Flemington, NJ represents the Backer Family commented that this meeting is not the proper forum. Backer Farm strives to be a good neighbor. There will be no concerts and music isn't going to be during all hours of operations. The Brewery license is very restrictive. Special occasion events are not included in this proposal. The applicant is interested in complying with the Township noise ordinance once approved by the DEP. The Township Committee engaged with Ms. Voigt some concerns and requesting guidance.

Frank Strafacci, 4 Cedar Lane, Mendham, NJ commented on traffic and the roads and intersections surrounding the proposed Backer Brewery were unsafe. Mr. Strafacci's comments were not related to noise.

The Township Committee had a brief discussion on the noise ordinance and will submit written questions to Ms. Voigt. The noise ordinance will need to be reviewed by the DEP and would be more enforceable with future noise complaints, if any were received.

CAPACITY

The Township committee shared that this topic is driven by parking and the septic system capacity. The Township shared that it would be ok with 78 seats, total capacity. Capacity is for the limited license Brewery License which would include the porch, outdoor and indoor area.

Bernadette Koenig, 13 North Gate Road, Mendham, NJ commented that the capacity needs to be the whole site and considered.

Nick Witczak, 97 Ironia Road, Mendham, NJ commented that he lives at Buttermilk Falls and see many cars and people, upwards of 75 cars and hundreds of people are left to their own devices and hasn't seen any traffic issues at this location. The Brewery will have controls and people will be monitored.

George Koenig, 13 North Gate Road, Mendham, NJ that the noise ordinance does need to go to DEP for approval. Mr. Koenig further presented numbers of possible people visiting the site. Mr. Koenig asked the Township Committee what level of visitors they are comfortable with.

Bruce Flitcroft, 23 Tingley Road, Mendham, NJ commented about restaurants and the capacity that they're allowed, and most restaurants are usually not at full capacity. Many restaurants have larger capacities than what is being requested in the application submitted by Backer Farm.

Kim Hart, 17 North Gate Road, Mendham, NJ commented on the design submitted by the applicant and the number of chairs and tables that are in the design. The design indicates more than 78 seats.

Steve Dreskin, 3 Roxiticus Road, Mendham, NJ has concerns about health and safety issues having large crowds. Mr. Dreskin further commented that the size of the project isn't in line with a residential neighborhood.

Terrill Doyle, 5 Cross Way, Mendham, NJ will provide links and documentation on noise and the events that are being suggested in the application regarding amplification. Ms. Doyle further commented on what the capacity will really be and how that will affect traffic. Ms. Doyle further questioned the deed of easement as it pertains to the property being farmland preserved.

Michael Brueckner, 38 Ironia Road, Mendham, NJ commented that small businesses need to be innovated to survive. Backer Farm is trying to innovate and make a living by bringing this project forward. Mr. Brueckner supports the proposed Brewery.

The Township Committee briefly discussed that the capacity would be 78 people on the licensed premises at any given time. The septic system capacity is the driving factor in how many people can be on site.

TRAFFIC

The Township Committee discussed that all parking be on site and parking be prohibited on the road. The Backers said people will not be bused in. It was requested that the traffic engineer for the Backers investigate the Ironia Road, Roxiticus Road and Route 24 intersection.

Robert Fox, 34 Oak Knoll Road, Mendham, NJ spoke on the hazardous conditions at the intersection of Roxiticus Road, Ironia Road and Route 24. The roads don't have graded shoulders and the roads are very narrow. Mr. Fox further commented on the width of the roads and how narrow the intersection is at Route 24 and Roxiticus Road.

Barrett Kolton, 3 North Gate Road, Mendham, NJ shared his concerns regarding traffic. Mr. Kolton further shared his concerns about the health and safety of residents.

Eric Hart, 17 North Gate Road, Mendham, NJ suggested getting a traffic study to protect the health and safety of residents and visitors to and from the proposed Brewery.

Glenn Pantel, 3 Cross Way, Mendham, NJ agreed that an objective and appropriate traffic study be conducted. Mr. Pantel further shared that the roads are dangerous and narrow in ideal conditions.

George Koenig, 13 North Gate Road, Mendham, NJ comments need to be for the entire site not just the Brewery. Mr. Koenig suggested that the Backer's rent a facility in another surrounding town. Mr. Koenig further commented on a new traffic study and how many vehicles the Township would be comfortable that visit the proposed Brewery.

Ed Wengryn, NJ Farm Bureau 168 West State Street, Trenton, NJ commented on the right to farm act. Mr. Wengryn further commented on the process and what the Township should be discussing and considering and supported the public process. Backer Farm would be the 4th farm-based brewery in New Jersey.

Allison Barrett, 7 Roxiticus Road, Mendham, NJ commented that she is the owner of the Grist Mill house. Her home is older than the country, having been built in 1732. Ms. Barrett further commented that she has seen and responded to many accidents at the intersection of Route 24 and Roxiticus Road since they bought the house 7 years ago. Drivers cause accidents not the roads, but the traffic needs to be addressed at this intersection and a proper traffic study should be conducted.

Steve Dreskin, 3 Roxiticus Road, Mendham, NJ commented on the Township Engineers report on traffic and anticipated peak hours. Mr. Dreskin stated that the numbers would exceed the threshold of anticipated visits to the site per week.

Terrill Doyle, 5 Cross Way, Mendham, NJ commented that a traffic study should be conducted.

The Township Committee discussed that it would be recommended to have no parking on Ironia Road A traffic study was done by the applicant, but it was requested to extend the traffic study to include the two intersections, Ironia Road and Route 24 and Roxiticus Road and Route 24.

Seeing and hearing no one else wishing to be heard, Mayor Monaghan asked for a motion to close public comments.

Ms. Duarte made a motion to close the public comment period seconded by Ms. Spirig. A voice vote was taken with all members present voting in favor, no one opposed.

ADJOURN

Having no further business to conduct, a motion to adjourn was made by Ms. Duarte and seconded by Ms. Spirig, with all members present voting in favor, no one opposed.

The regular meeting of the Mendham Township Committee was adjourned at 10:56 P.M.

Respectfully submitted,

Distributed: 11/09/2023
Approved: 11/13/2023

Karen Orgera
Acting Township Clerk
TOWNSHIP OF MENDHAM

ORDINANCE NO. 10-2023
AN ORDINANCE OF THE TOWNSHIP COMMITTEE OF THE TOWNSHIP OF MENDHAM,
MORRIS COUNTY, NEW JERSEY
ADDING A NEW CHAPTER 298 "REGULATION OF PRIVATELY OWNED SALT STORAGE"

SECTION 1. Be it hereby ordained by the Township Committee of the Township of Mendham that Chapter 298 (a new Chapter) be adopted as set forth herein.

Chapter 298- Regulation of Privately-Owned Salt Storage

298-1 Purpose:

The purpose of this ordinance is to prevent stored salt and other solid de-icing materials from being exposed to stormwater.

This ordinance establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the municipality (privately-owned), including residences, in Township of Mendham to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

298-2 Definitions:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

- A. "De-icing materials" means any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.
- B. "Impervious surface" means a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.
- C. "Storm drain inlet" means the point of entry into the storm sewer system.
- D. "Permanent structure" means a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall).

A fabric frame structure is a permanent structure if it meets the following specifications:

- 1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials.
 - 2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak.
 - 3. The structure shall be erected on an impermeable slab.
 - 4. The structure cannot be open sided; and
 - 5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.
- E. "Person" means any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.
- F. "Resident" means a person who resides on a residential property where de-icing material is stored.

298-3 Deicing Material Storage Requirements:

- A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15th and April 15th:
 - 1. Loose materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through.
 - 2. Loose materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, ditches and/or other stormwater conveyance channels.
 - 3. Loose materials shall be maintained in a cone-shaped storage pile. If loading or unloading activities alter the cone-shape during daily activities, tracked materials shall be swept back into the storage pile, and the storage pile shall be reshaped into a cone after use.
 - 4. Loose materials shall be covered as follows:
 - a. The cover shall be waterproof, impermeable, and flexible.
 - b. The cover shall extend to the base of the pile(s).
 - c. The cover shall be free from holes or tears.

- d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind; and
 - e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.
 - (1) Sandbags lashed together with rope or cable and placed uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used.
- 5. Containers must be sealed when not in use; and
- 6. The site shall be free of all de-icing materials between April 16th and October 14th.
- B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of loose de-icing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15 -April 15.
- C. Temporary and/or permanent structures shall comply with all township ordinances, including building and zoning regulations.
- D. The property owner, or owner of the de-icing materials if different, shall designate a person(s) responsible for operations at the site where these materials are stored outdoors, and who shall document that weekly inspections are conducted to ensure that the conditions of this ordinance are met. Inspection records shall be kept on site and made available to the municipality upon request.
 - 1. Residents who operate businesses from their homes that utilize de-icing materials are required to perform weekly inspections.

298-4 Exemptions:

Residents may store de-icing materials outside in a solid-walled, closed container that prevents precipitation from entering and exiting the container, and which prevents the de-icing materials from leaking or spilling out. Under these circumstances, weekly inspections are not necessary, but repair or replacement of damaged or inadequate containers shall occur within 2 weeks.

If containerized (in bags or buckets) de-icing materials are stored within a permanent structure, they are not subject to the storage and inspection requirements in Section III above. Piles of de-icing materials are not exempt, even if stored in a permanent structure.

This ordinance does not apply to facilities where the stormwater discharges from de-icing material storage activities are regulated under another NJPDES permit.

298-5 Enforcement:

This ordinance shall be enforced by the Police Department and/or the Environmental Health Officer and/or the Zoning Officer of the Township of Mendham during the course of ordinary enforcement duties.

298-6 Violations and Penalties:

Any person(s) who is found to be in violation of the provisions of this ordinance shall have 72 hours to complete corrective action. Repeat violations and/or failure to complete corrective action shall result in fines not exceeding \$500.00.

SECTION 2 Severability:

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

1. SECTION 3. REPEALER

All ordinances of the Township of Mendham which are inconsistent with the provisions of this ordinance are hereby repealed to the extent of such inconsistency.

SECTION 4. Effective Date:

This Ordinance shall be in full force and effect from and after its adoption and any publication as may be required by law.

Introduced: September 28, 2023

RESOLUTION 2023-170
RESOLUTION OF THE TOWNSHIP COMMITTEE OF THE TOWNSHIP OF MENDHAM
AUTHORIZING THE PAYMENT OF BILLS

BE IT RESOLVED by the Township Committee of the Township of Mendham, in the County of Morris, State of New Jersey, that the Chief Financial Officer be and hereby is authorized to pay current bills as attached hereto and made a part hereof, contingent upon the approval of the Finance Committee.

Adopted: October 23, 2023
