OLD BUSINESS:

A. BLOCK 130 LOT 8.06 – 8 Buddy Lane
APPLICANT: Page Mueller Engineering
APPLICATION: New Construction

- Kevin G. Paige President of Paige Mueller, an Engineer for 46 years; he has designed hundreds of septic systems, perhaps thousands. Revisions dated 5/17/19 have reduced the plans to only one variance, for the setback for the new well to the property line. Town requirement is 75ft, and the plans are to be 50ft. from the property line.
- They plan to case the well to 77ft, they also have prepared a pump design alternate plan, but would prefer gravity. Gravity systems do not rely on power, and systems located in the front yard would be easier to connect to sewer if it's possible at a later date.
- Mr. West requested a note on the plan itself by the well location that stated the well casing minimum is 77ft. Mr. Paige had no objection.
- Mr. West confirmed the neighbor had been noticed, and motioned to approve the application. Mr. Weber seconded the motion.

ROLL CALL: YES Mr. Smith, Mr. Weber, Mr. West.
